

Araya Sponsor Pack

For businesses, clubs, churches, community groups and local partners who want to help students access tuition, resources, sport, transport and pathway experiences.

Area	How it helps
Tuition	Supports regular study, homework, mentoring and academic confidence.
Resources	Provides devices, books, stationery and learning tools.
Transport	Helps students attend activities, sport and approved program opportunities.
Pathways	Funds excursions, career exposure, workshops and camps.

Sponsorship options

Sponsor a student tuition place, fund study accessories, contribute to sport season fees, provide fuel vouchers for transport, support excursions and camps, or build a tailored community partnership around a specific student need.

Student place sponsorship

A student place sponsorship helps cover consistent after-school study support, homework routines, reading, maths and English practice, IXL-supported learning, mentoring conversations and family communication.

Resource and access sponsorship

Partners can fund calculators, books, stationery, school bags, laptops, tablets or data support for students who cannot easily study online at home.

Sport, activities and pathways

Sponsorship can open access to sport gear, season fees, supervised activities, university visits, workplace exposure, guest speakers, camps and excursions that broaden what students believe is possible.

Recognition and partnership

Araya can discuss appropriate acknowledgement for sponsors while keeping student dignity, privacy and child safety at the centre of every partnership.

Next step: complete the support interest form at arayatuition.com/support-interest.html or contact reception.
